

HB 255 -- EVENT TICKET RESALE

SPONSOR: Rhoads

This bill prevents a person selling event tickets from making those tickets non-transferable without also selling a transferable option at no extra cost. The bill ensures that ticket buyers and sellers cannot be penalized or discriminated against because their tickets were transferred or because they sold or purchased their tickets on a different platform than that used by the original ticket seller. This bill also prevents the use of software in order to circumvent security measures put in place by a ticket platform to enforce event ticket purchasing limits or rules.
